

# SILICONE PRO

---

## Technical Data Sheet

---

Product name: Silicone Pro  
Sales code: 32695

Creation date: 8/2016

Version: I

---

### 1: General description

Renovates and protects plastics and rubbers. Prevents hardening and freezing of rubber seals. Prevents plastic assemblies from squeaking. Lubricates.

### 2: Features

- Forms a colourless, non-hardening film, eliminating squeaking, binding and sticking.
- Protects metals and alloys.
- Penetrates quickly.
- Protects plastics and rubbers.
- Displaces and seals out water and moisture.
- Functional over a wide temperature range.
- Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use.
- Convenient 360° (including inverted position) spray valve for aerosols.
- High purity CO2 propellant, giving an active product content of 95%.

### 3: Applications

- Protection and maintenance of rubbers.
- Plastic drives and sliding mechanisms.
- Precision instruments.
- Anti-freeze for rubbers.
- Assembly of packings.

### 4: Directions

- Apply a thin even film.
- Use extension tube for more precise application.
- Repeat if necessary.
- Do not use on energized equipment.
- To remove residues or excess product, use Power Clean Pro.
- A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products via [www.crcind.com](http://www.crcind.com)

## 5: Typical product data (without propellant)

Appearance	:	Liquid.
Colour	:	Colourless
Odour	:	Solvent.
Density	:	0.72 g/cm <sup>3</sup> (@ 20°C).
Flash Point	:	- 26 °C (Closed Cup)
Auto Ignition temperature	:	> 200 °C
Vapor density	:	>3 (@ 20°C).
Flash point active product	:	>300 °C (Closed Cup)
Operating temperature active product	:	-40 till 200 °C
Dynamic viscosity of active product	:	10.000 - 12.000 mPa.s (@ 20°C).
Dielectric strenght active product	:	35 kV
Surface tension active product	:	21 mN/m

## 6: Packaging

Aerosol 12x500 ML

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment, conditions of use and the unpredictable human factors involved, we recommend that our products are tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied. This Technical Data Sheet may already have been revised as a result of a change in legislation, availability of components or newly acquired experiences. The latest and only valid version of this Technical Data Sheet will be sent to you upon simple request or can be found on our website: [www.crcind.com](http://www.crcind.com) We recommend that you register on our website for this product, thus enabling you to automatically receive any future updates.
