

# MOTOR CLEAN PRO

---

## Technical Data Sheet

---

Product name: Motor Clean Pro  
Sales code: 32730

Creation date: 8/2016

Version: 1

---

### 1: General description

Extra powerful engine surface cleaner/degreaser.

A blend of powerful solvents and emulsifiers, combined to quickly remove tar, grease and oil from all engines. A clean engine runs cooler and more efficiently. Easy to use with the CRC aerosol trigger sprayer - just spray it on and rinse off for collection and proper disposal.

### 2: Features

- Cleans and degreases all engines.
- Emulsifiers enable the product to be easily washed away with water. If necessary, collect the water mix for disposal according local regulations.
- Easy to use with the aerosol trigger sprayer.
- The fast acting formulation saves time.
- Leaves no objectionable odor in the engine compartment.
- Free of caustic materials.
- Safe to use due to a high flash point (> 70°C), even on a hand-warm (not hot!) engine.
- Aerosol is equipped with a trigger sprayer and 360° (upside-down) spray valve for easy application. Pressurized with non-flammable CO2 propellant, giving an active content of over 97%.

### 3: Applications

- Car and truck engines
- Boats (in- and out-board)
- Lawn mowers
- Farm machinery
- Chain saws
- Construction and shop equipment

### 4: Directions

- Do not use on running engine.
- Let the motor cool down for 30 minutes before use.
- Protect electrical and electronic parts and wiring against contact with the product and water
- Protect ignition system (distributor, air intake, ) against contact with the product and water.
- For best results, apply to dry, hand-warm surfaces (**do not apply on hot parts**).
- Spray on surfaces to be cleaned and allow working for 10-15 minutes.
- Hose off using a strong water jet, or a pressure cleaner when appropriate
- Wire brush or scrape off heavy grease deposits.
- Use CRC 5-56 Pro to displace moisture if the motor is difficult to start.
- A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.

## 5: Typical product data (without propellant)

Appearance	:	colorless liquid
Specific gravity @ 20°C	:	0,82
Boiling range (solvents)	:	175-245 °C
Flash point (closed cup)	:	>70°C

## 6: Packaging

Aerosol

12x500 ML

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend that our products be tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied.
